To: **Flomatic Customers in the State of California**

Regarding: **The California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65)
new warning requirements**

Date: **September 29, 2021**

Dear Flomatic Customer,

Flomatic Corporation will do its best to meet the new written warning requirements of the California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65). We will, before or on September 29, 2021, provide revised written product warnings:

- (a) Identification of one Prop. 65 listed chemical contained in the product
- (b) A pictogram of a yellow triangle with an exclamation point inside ()
- (c) Language that product "can expose" a person to cancer and/or reproductive harm

Most of Flomatic water and wastewater valves are certified to NSF/ANSI 61 - Drinking Water System Components - Health Effects and NSF/ANSI 372 - Drinking Water System Components - Lead Content (go to <http://pld.iapmo.org/default.aspx> for a complete listing of our approved valve products).

We value our relationship with all our customers in the State of California and look forward to a mutually beneficial future for us both.

Sincerely,

Nick Farrara

President
Flomatic Corporation
