April 21, 2020 Glens Falls, NY – Flomatic is proud to introduce the new model Sylax® 3 Lug style and wafer style Butterfly valves. The Sylax® 3 has a strong ductile iron valve body, 316SS Disc standard, EPDM Seat, and stainless steel stem. The valve is rated for 250 PSI bi-directional & dead end rating and has a 230°F (110°C) max temperature rating. The valve is NSF/ANSI 61 & 372 certified for use with ANSI 125/150# flanges with standard curved and ergonomic handle for easy operation and standard ISO 5211 top flange for easy actuation. Available with Gear Box or several other Actuator options. The new Flomatic Model Sylax® 3 is MSS SP-67 compliant.

Flomatic’s proven wafer style butterfly valve design for demanding applications, Sylax® 3 is used in Booster Pumping Systems, HVAC systems and other industrial applications where quality and higher performance are most important. Two Sylax® wafer type butterfly model are available Model S3W Wafer Type and Model S3L Full Lug Type in a size range from 2” thru 12” with standard lever handle or optional gear operation or electric actuation.

For more than 87 years, Flomatic has been changing the industry valve and leading the market. Manufacturing a full line of check valves for the water and wastewater market, ranging from 1” – 36”. Flomatic’s products have been installed in a wide variety of applications with excellent results. Flomatic is an ISO 9001 and 14001 certified company with comprehensive manufacturing processes and mainly AIS compliant products.

For more detailed information on Flomatic’s new Model Sylax® 3 Lug and Wafer Butterfly valves or to obtain a copy of the new 2020 condensed catalog, contact Dina Dieckert at 518-761-9797 ext. 205 or visit our website at: <https://www.flomatic.com/>
