NSF/ANSI 61

Glens Falls, NY- Flomatic Corporation is proud to announce that all of their **Model 888 silent wafer check valves** are now NSF/ANSI standard 61 certified for drinking water systems. Effective immediately all sizes and models will be constructed with EPDM elastomers as standard. This change is a direct result of Flomatic receiving certification in compliance with “ANSI/NSF 61 – Drinking Water Standards”. For many years Flomatic has been committed to providing products that exceed the requirements for lead content and has excellent experience in manufacturing unleaded valve products. Flomatic Valves is a company committed to preserving and improving the environment while producing valve products that meet the most stringent safety and health standards.

For more detailed information on Flomatic’s **Model 888 Wafer Check Valves** or to obtain a copy of the new 2015 condensed valve catalog, visit [www.flomatic.com](http://www.flomatic.com), email them at [flomatic@flomatic.com](mailto:flomatic@flomatic.com), call Flomatic Corporation at 1-800-833-2040 or fax them at 1-800-314-3155.
